BONJOUR,

Aloha from "Des Iles Sandwich". This is the very latest French list, dated "23JAN12" (top left of each page). Please discard all previous printed lists, as they are now out-of-date.

If you are a first time buyer here - it is true, you can buy stamps of France and the French Colonies from 50% of Scott 2012 Catalog value. That's up to 50% discount from Scott's retail! The right column after the Scott Catalog numbers shows the full Scott 2012 retail catalog prices. Please use the order form provided at the end of this set of pages. Add up the total catalog of your order before multiplying by .5 etc. and add the shipping charges. Due to the limited supplies of some issues (especially pre-1950), I would strongly suggest that you list alternatives. In a few cases I have mint previously hinged available if never hinged is sold out (see list). Next to your listing, write down "**/*". I will do my best to give you your first choice.

You can e-mail me at "enelani@laserserver.net" if you have any unanswered questions. "enelani" means England (where I was born) in Hawaiian. Credit Cardholders can e-mail or fax your order. But please do not send me any want lists by e-mail or fax, just order from this list. Everything I have for sale is on this list and will be added to in future lists. If the stamps you are looking for are not on this list, believe me I am trying to buy them somewhere somehow for you.

Don't expect all the classics to be in perfect condition like modern stamps. Hinging was the normal procedure for the majority of collectors prior to about 1960. Anything prior to 1960 that is MNH is usually from a Dealer's stockbook or from a collector's glassines that were never put into an album or regummed. My advice is to collect hinged stamps 1950's and earlier. If you are lucky and come across MNH then replace the hinged ones you have. However, it is silly just to collect MNH ONLY 1950's and earlier, because your collection will be almost full of EMPTY spaces and worst-still REGUMMED stamps! Many 100 year old classic stamps are without gum, have tattered perforations and are not centered. This is normal for many classics. For example, I have seen an award-winning collection of Queensland which probably doesn't have a single "perfect" stamp in it - yet it is full of stamps and is quite valuable. So be reasonable, would you expect a 100 year old book or magazine to be in perfect condition? I try to be as accurate as I can on my classic stamp descriptions. For example if there is no gum, it will say "ng" (see list of abbreviations, page 1)

You may pay by Credit Card (\$10 minimum), Check, Money Order, Certified Check or Cash. If sending cash, please send by registered mail. Orders paid by personal check must clear first (allow a minimum of 15 business days from the date of receipt of your order). Credit Card and all other orders are usually shipped within 48 hours. All orders are shipped by First Class Certified mail. Hawaii residents, please add 4.712% tax. Shipping is additional on all orders. Please add a minimum of \$3.85 per order (this includes \$2.95 for Certified Mail). If you have a large order or are buying several souvenir sheets, please add \$5.95 (Priority Mail + Delivery Confirmation). Foreign orders - \$3.35 for 2 ounces (56 grams) airmail postage + Proof of Mailing OR, \$14.50 for Registered Mail (minimum Registered Fee is \$11.75). I endeavor to keep the shipping cost to a minimum. I USE STAMPS ON ALL SHIPPED ORDERS (no meter labels). All stamps on the envelopes are hand-cancelled.

Guarantee: If for any acceptable reason, you are not completely satisfied with an item, please contact me first and if okayed by me, return it by Certified mail to me in its original condition and in its original glassine or wrapper for a full refund or credit against any future order.

Merci Beaucoup,
